ALPHAPOLIS, the AGORA of COOPERATIVE GOODS (the new COMMON GOODS) is dedicated to:

- To be the place of imagination and design of COOPERATIVE GOODS where new COMMON GOODS are invented.
- Promote the use and concept of COOPERATIVE GOODS.
- Explain what COOPERATIVE GOODS are, their methods, theories and values.
- Explain why we need COOPERATIVE GOODS, now and everywhere on the Planet.
- Explain how to set up COOPERATIVE GOODS.
- Être, à terme, la Place de marché où les clients qui ont besoin et/ou veulent des BIENS COOPÉRACTIFS peuvent trouver aide, assistance, et des services.

The main contents of the website are organized into 3 Themes :

1. How to create COOPERATIVE GOODS?
2. What is COOPERATIVE GOODS?
3. Proposals for new COOPERATIVE COMMON GOODS.

In coherence with its subject, ALPHAPOLIS is also in itself a COOPERATIVE GOOD in deployment and construction.

Use the resources of ALPHAPOLIS and create in your turn COOPERATIVE GOODS!
